

SSANTS TANLAC

Tennessee Farmer Tells How It Relieved Sufferings of Wife and Son.

"From the way Tanlac helped my wife and son I believe it is the greatest medicine on earth," said J. R. Ham, farmer living on Route 1, Capleville, Tenn., in relating his experience with the medicine.

"My wife had rheumatism for eight years," he continued, "and she suffered such terrible pains in her back and shoulders that she could hardly stand it. We would have to keep her in bed for hours before she could get any ease and go to sleep. My son, too, was down in bed for over six weeks with a bad intestinal trouble and suffered dreadfully from it."

"Tanlac did my wife a world of good right from the start. She says she hasn't felt a pain in a good long time, the rheumatism is all gone and she has improved so much she hardly looks like the same person. My son has improved wonderfully on Tanlac; it is building him up, and the way he is going now I am sure he will soon be as well and strong as ever."

Tanlac is sold in Memphis by Warrick Drug Co. and Weiss Pharmacy, and all leading druggists in every town and village in America. adv.

AVOID FRAZZLED NERVES BY HELPING NATURE TO WORK

Get Back the Old "Pep" and Work as You Used to Do

HERE'S WAY TO DO IT EASILY

Nervous? Well, a little. Don't like to admit it. No one does. But the nerves of all of us get a wee bit frazzled at times. Shouldn't, but they do. Nature intended that she should lead natural lives. We don't—at least all of us don't. Sometimes too much work; sometimes too much play. Then an attack of "nerves."

Then is the time for Pepsinol. Nature, overtaxed by a burden which we have imposed, is unable to get on its feet to restore the health equilibrium which we have thoughtlessly robbed. Nature needs help. To give this help, the formula for Pepsinol was worked out.

Most physical ailments may be traced to an acid stomach which has become inactive. The kidneys and other organs become deranged. Constipation develops. Then insomnia wears down the strength that should be rebuilt. The daily exercise that should keep the muscles firm is abandoned because one is "too tired to walk, or ride or play outdoor games."

Next the daily headache, dizziness, coated tongue, and the small, unimportant trifles. Boredom brings a sour stomach and a fetid breath, making one a nuisance to those about.

Finally a mental depression, a brooding despondency, evidenced by fits of crying and a physical exhaustion that seems to make living a torture.

Nature's load has been increased all the time. Things appear hopeless, but they are not. Take Pepsinol. It is a necessary aid to Nature. Pepsinol is a gentle laxative tonic. It is a GOOD thing to take when one is in the BEST thing to take when one is run down, when Nature has been overtaxed. It is mildly corrective in its effects. It causes no harm, such as results from the use of violent purgatives.

Pepsinol helps Nature by removing the condition inimical to health. It helps also to build up the strength which has been diminished by these conditions.

Take Pepsinol to help Nature remove the fermenting food, bile, and mucus that have accumulated in the system. This removal will be accompanied easily, not with the wrenching accompaniment of the use of strong cathartics. With Pepsinol comes the opportunity for the liver to resume its normal functions. The kidneys cooperate.

Digestion gets the help it needs from Pepsinol. Sour, undigested food is expelled from the stomach by Pepsinol. Acidity disappears. The breath once more becomes sweet. The patient is again able to eat. One arises after a night spent in sound, restful sleep without that dark brown taste in his mouth which was common before Pepsinol got rid of it. Gone are the insomnia, mental depression and kindred ailments. Nature is again mistress of the situation—thanks to Pepsinol.

Influenza has been a terrific scourge in the world during past months. Its ravages were so great in England and Wales that the death rate exceeded the birth rate. Fortunately has not been so severe in this country, but nevertheless tens of thousands in the United States have suffered.

The after-effects of influenza may be very serious. The disease leaves the residual power of resistance greatly weakened. The convalescent patient is immediately fall victim to another disease. To prevent this the power of resistance must be strengthened. Pepsinol aims to be a strengthener. Now, in its capacity of tonic, it should be taken to prevent further ravages of disease. It is a reconstructive agent—bulwark against disease.

Tired mothers, worn out by the care of ailing and fretful children, will find Pepsinol with expectation of relief from both her mental and physical strain.

Pepsinol is marked by the purity of the ingredients used in its formula. Its price is fair and within the reach of all.

DR. W. L. CARSON

Rev. W. L. Carson Will Assist in Maintaining Attendance During Hot Months.

Preliminary plans for the summer Sunday school attendance drive, July 6 to August 31, were perfected at an enthusiastic mass meeting of Sunday school workers of all denominations at the Court Avenue Presbyterian church Tuesday night.

The Rev. Walter M. White, D. D., pastor of the Linden Avenue Christian church, who has been very active in the movement since it was proposed, was named director of the campaign, with the Rev. W. L. Carson, assistant pastor of the Second Presbyterian church, as associate director.

Stirring addresses were made by J. R. Hyde, of the Character Builders Bible class; the Rev. W. D. Buckner, L. D. D., rector of the Holy Trinity Episcopal church; Dr. E. E. George, general secretary of the Y. M. C. A., and publicity director of the campaign; Miss Cordelia Spangler, superintendent of the McLemore Avenue Christian church; Mr. Carson and Dr. White.

The central male quartet sang a number of selections, which added greatly to the interest of the evening. Each school entering the campaign is to select a campaign director and perfect organization of its own for the Sunday school.

To attract and to hold the interest in Sunday school work, special programs are to be arranged, every effort being made to have the church and classrooms as cool and comfortable as possible. Joint meetings of the campaign workers are to be held at least twice a week in order to co-ordinate the work. Friendly rivalry is to be encouraged between the various departments of each school, and the duty of the individual to his church is to be stressed.

TITTONI PROMISES TO TELL TRUTH

Italian Peace Envoy Says He Will Give Nation Full Report.

ROME, June 27.—Foreign Minister Tittoni, in speaking before the senate, promised that his mission to Paris would not be prolonged and that whatever the result might be he would return home "to tell the country the entire truth so that it can realize exactly the position of Italy in the settlement of Europe."

"The foreign policy," the foreign minister continued, "hereafter must be the policy of the people. He is a secret, which involved nations and wars is definitely over. Nations which support the international policy of their government must know and understand."

Signor Tittoni said he desired to give a practical demonstration of this and would ask permission of the allies for the immediate placing before the Italian parliament the pact of London, the details of which at present had only been known through the indiscretions of Russian revolutionists.

LITTLE GIRL LOSES FOOT IN HAY MOWER BLADES

DRESDEN, Tenn., July 27. (Sp.)—While running after a young rabbit, the 3-year-old daughter of Ed Bell, prominent farmer residing nine miles south of Dresden, Tenn., was killed by a mower with which her father was cutting hay, and had her right foot cut off just above the ankle. Doctors were called and dressed the wound.

It is stated that the father was so much excited over the accident that he did not ascertain how the child was injured until she was carried to the house near by, where neighbors hearing the screams of the child rushed in and found the foot. They went back to the field and the missing foot was located under the hay near the blade.

ARMENIAN COMMITTEE NAMED IN DYER COUNTY

DYERSBURG, Tenn., June 27. (Sp.)—The organization for the purpose of raising Dyer's quota in the Armenian and Syrian relief fund has just been completed. The Rev. E. S. Baker, chairman for the county, with a central advisory committee of the following: Revs. McCabe, Wood and Kerns; while Mrs. T. E. Elgin, president of the Dyersburg Women's club, will act as chairman of the Dyersburg branch. The sum of \$5,500 has been allotted to the county, and the various districts in this section in the graduate school of the University of Chicago, has returned home for the vacation.

Miss Guyton will teach next season on the faculty of the city schools of Laurel, Miss., and will resume her studies in the University of Chicago at the end of the year in Laurel.

WIN TENNIS PLACE.

BLUE MOUNTAIN, Miss., June 27. (Sp.)—Scott and Strickland of Okolona, Miss., have just taken first place in tennis from Perrin Holmes Lowrey and Searcy Lowrey, of this city. Though the contest was bitterly fought out from start to finish, the local lads were not able to measure up with the visitors. Though P. H. Lowrey has held the state championship in tennis in Mississippi, and S. Lowrey has recently won first place in the local tournament held here last week.
